## TO "DO UP" A NEWSPAPER MAN.

Sensational Developments Brought Out, \$25 for a Good Beating, \$100 if Killed.

## EXPENSIVE RAILWAY SUITS.

Struck by Torpedo Cap—Republican Delegates Named for State Convention.

The hearing of J. J. Shepherd, the man who is now publishing "The Evening News in Ogden, charged with carrying concealed weapons, came up before Justice Burt at North Ogden yesterday afternoon. Some quite sensational testimony came out at the hearing, which if true, places a very bad light on the case. The action was brought by C. A. Scott against Shepherd. It developed from some trouble the two men had a few nights ago in front of the Central hotel, where Shepherd claimed he had been induced to come for the purpose of waylaying him. That when he arrived at the hotel the man Scott made a strike at him and he started to pull his gun to protect himself.

Mayor Glasman was the first witness called. He testified that Shepherd had called on him twice to ask for permission to carry a pistol, but he refused him. He also testified to certain regulations on gambling.

Mr. Scott testified to the trouble between himself and Shepherd, but the great surprise was sprung when a man named W. Reed was placed on the witness stand. He testified that he had worked at the White Elephant gambling house, that he heard the proprietor of the White Elephant, John Haumer, make a contract with Scott to "do up" Shepherd, not over 1 hour before trouble between the two came up. He testified that he was in the White Elephant which he termed a "bunco joint" and heard Haumer promise Scott that if he (Scott) gave Shepherd a beating he would give him \$25, and if he (Scott) "fixed" him, supposed to mean kill him, he would give him \$100 and see that he did not get arrested. This testimony together with other facts testified to, caused great astonishment to the court and all present.

There are a number of other witnesses to be heard in the case, hence it was continued until this morning at 10 o'clock. The city will have Mr. Haumer placed on the witness stand and it is understood he will deny in full the testimony of Reed.

**\$20,000 FOR A LIFE.**  
An action is to be brought by A. Valentine, administrator of the estate of Allen Towson, deceased, to recover damages in the sum of \$20,000 alleged to be due for the death of Towson, who was killed while in the employ of the railroad company last October. Mr. Towson was employed as engineer on the gasoline launch used on the Great Salt Lake by the defendant company doing construction work on the Ogden-Luch cut-off. The launch was defective and out of repair so that the gasoline leaked from it. One day as Mr. Towson was in the faithful discharge of his duty he was overcome by the gasses and fell on the wheel of the launch, which crashed in the right side of his skull, killing him almost instantly. The deceased has a brother and sister living in the east.

**\$10,000 FOR AN ARM AND LEG.**  
A suit is being prepared by Maginnis and Stout against E. J. Kennedy, to recover \$10,000 damages from the Union Pacific company for alleged negligence. The plaintiff was employed by the railroad company as brakeman on a freight train running out of Ogden, March 4, 1903, while so employed the plaintiff was engaged in working on a car when it was struck by another train near Bitter Creek, Wyoming. Mr. Kennedy met with serious injury in the collision, resulting in his right leg and arm being badly injured and his arm almost useless. The accident he alleges was caused by negligence on the part of the railroad company. His injuries he alleges will be permanent. Therefore he asks for \$10,000 damages.

**STUCK BY A TORPEDO CAP.**  
Thomas Poorman, a Union Pacific switchman, employed in the Union depot yards in this city, met with a painful injury yesterday afternoon by being struck in the thigh with a piece of the metal cap of a railroad torpedo, which buried itself in the flesh over two inches. Mr. Poorman was engaged in switching some cars when the accident occurred. As the car on which he was riding passed over the torpedo it exploded. Dr. Joyce was summoned and extracted the metal, which made a very ugly wound in the thigh. It is supposed that some boys must have stolen the torpedo from the storehouse and placed it on the track. Mr. Poorman will not be able to work for several days.

**REPUBLICAN DELEGATES NAMED.**  
The Republican primaries were held last evening for the purpose of electing

45 delegates to the state convention to be held in Salt Lake City, April 8, 1904. The delegates elected from the city wards were:

First ward, John V. Nelson, F. C. Woods, O. P. McDowell, John E. Bagley and delegate at large, Seth Thomas. Second ward, William Howell, Mrs. C. A. Nelson, Alex. ## RICHFIELD.

### DEATH WITHOUT WARNING.

Mrs. Hyrum Hansen Expires Suddenly Tuesday Evening.

Special Correspondence.

Richfield, April 1.—The town was shocked this morning to hear of the sudden death of Mrs. Hyrum Hansen of this city, which occurred the evening before. As she was rocking her 9-week-old baby she suddenly fainted and fell back with the child still in her arms. Her little daughter, aged 8 years, ran out and gave her father the alarm. He rushed in and found his wife dead. Mrs. Hansen is the daughter of Mr. and Mrs. Simon Christensen of this city, and was born in Salt Lake City, Aug. 22, 1874. In 1874, when she was a year old, her parents moved to Richfield, their home ever since. She was married to Hyrum Hansen on May 27, 1897. Her husband and two children survive her.

Four brothers and sisters of the late Mrs. Hansen reside in this city. One brother, N. H. Christensen, was at the mining camp of Kimberly, and one sister, Mrs. R. H. Dally, lives at Preston, Idaho. The funeral will be held at the Richfield, Idaho, on Sunday morning.

She was the mother of eight children, four sons and four daughters; her husband and six children survive her. Funeral will be held Thursday, 2 o'clock p. m., from the Lindon meetinghouse.

Messrs. Page and Olson have purchased a lot near the San Pedro depot here and will put in a lumber yard with machinery for manufacturing wood-work.

A number of citizens of Lindon have been in Idaho looking over the country in view to settling in that state, they return with very flattering reports from the "Garden" state and will dispose of their holdings in this neighborhood and locate there.

We are having a very wet spell and the farmers rejoice over the good prospect of plenty of water this season. Our action man was "rattled" on Monday last for infractions of the city ordinances on two counts, the cases went against him, he appealed the suits and thus the war continues.

## HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil-of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc. You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.
